

POSTGRADUATE SCHOLARSHIP PROGRAM

The NCAA awards up to 174 postgraduate scholarships annually, 87 for men and 87 for women. The scholarships are awarded to student-athletes who excel academically and athletically and who are in their final year of intercollegiate athletics competition. The one-time grants of \$7,500 each are awarded for fall sports, winter sports and spring sports.

Each sports season (fall, winter and spring), there are 29 scholarships available for men and 29 scholarships available for women. The scholarships are one-time, non-renewable grants.

OVERVIEW OF NOMINATION PROCESS

The NCAA Postgraduate Scholarship nomination is to be submitted by the faculty athletics representative (FAR) or by a FAR designee. It is the responsibility of the FAR or FAR designee to ensure all sections of the nomination are submitted to the NCAA national office not later than the sport season deadlines.

FARs or FAR designees must nominate qualified student-athletes using the Postgraduate Scholarship Online Submission System. In total, there are five sections to be completed. Additionally, FARs must ensure that the nominee's transcripts are mailed to the NCAA national office. E-mails will be sent from the online system to the student-athlete and three individuals for recommendations. The e-mails are generated after the FAR submits his or her nomination section.

Nomination Sections:

1. FAR nomination- includes a formal recommendation for the nominee.
2. Student-athlete section to be completed by the nominee, which includes a personal statement.
3. Head coach recommendation.
4. Athletics administrator recommendation.
5. Professor recommendation.

Please note: All recommendations should be viewed as formal recommendations for the nominee.
